RFNow Proposed Fibre Path Addition – Along Lake Clementi Rd. between Rd. 111W and 112W then along Rd. 112W between Lake Clementi Rd. (Rd. 48N) and Rd. 47N

McDonald-Gullett

1324 BE IT RESOLVED that the proposed re-aligned fibre path along Lake Clementi Rd. between Rd. 111W and 112W then along Rd. 112W between Lake Clementi Rd. (Rd.

48N) and Rd. 47N outlined on the maps attached to correspondence dated October 22, 2025 from RFNow be approved subject to the terms and conditions of the installation agreement dated October 26, 2023. CARRIED.

Enbridge Letter of Acknowledgement re Agreement Extension

McDonald-Fisher

1325 BE IT RESOLVED that the request of Synergy Land Services Ltd. on behalf of Enbridge Pipelines Inc. and Enbridge Southern Lights GP Inc. for an extension to the blanket crossing and approach agreement to December 31, 2026 under the same terms and conditions of the original agreement be approved. CARRIED.

Resolution on Secure Council Communications

Hatch-Fisher

1326 WHEREAS secure and reliable communication is essential for the effective governance and administration of municipalities;

AND WHEREAS the use of personal email accounts by Council members for municipal business may pose risks to information security, privacy, and accountability, as personal email accounts may be accessible to individuals other than the Council member, such as family members, who should not have access to confidential Council communications;

AND WHEREAS designated municipal email accounts provide greater assurance of security, record-keeping, and compliance with legislative requirements, and also support continuity for members of a new Council term by ensuring that incoming Council members have access to relevant correspondence and records regarding ongoing municipal business;

THEREFORE BE IT RESOLVED that the Municipality of Oakland-Wawanesa requests the Association of Manitoba Municipalities (AMM) lobby the provincial government to make it a requirement that all municipalities use secure, designated municipal email accounts for Council communications, and prohibit the use of personal email accounts for municipal business. CARRIED.

Resolution on Special Service Levy Process and Notification Requirements

McDonald-Fisher

1327 WHEREAS municipalities are required to follow a lengthy and complex process for the approval of special service levies, such as those for curbside garbage collection, which currently must be reviewed by the Municipal Board even when the levies are based on actual service contracts and are of limited scope and duration;

AND WHEREAS the current process for a two-year service levy is overly onerous and may result in unnecessary delays and administrative burden for municipalities;

AND WHEREAS the notice requirements for special service levies and local improvements rely heavily on Canada Post mail delivery, with no alternative provided in the event of a postal disruption, and do not allow for modern notification methods such as email or posting on municipal websites and public areas;

THEREFORE BE IT RESOLVED that the Municipality of Oakland-Wawanesa requests the Association of Manitoba Municipalities (AMM) lobby the provincial government to:

- Amend the process for simple special service levies, such as garbage fees, to allow review and approval by Municipal Services Officers rather than the Municipal Board, where the levy is based on actual service contracts and is of limited scope and duration;
- Modernize the notice requirements for special service levies and local improvements to permit alternative notification methods, including email, website postings, and public area postings, in addition to or in place of Canada Post mail delivery, particularly in the event of a postal disruption;
- Amend The Municipal Act to allow for other alternatives for notification, such as personal service, in addition to or as an alternative to Canada Post mail delivery.

CARRIED.

Appointment of Brad Roth as an Official of the Municipality

Fisher-Gullett

1328 WHEREAS the Municipality of Oakland-Wawanesa has entered into a development and building inspection service agreement with the Keystone Planning District (KPD);

AND WHEREAS if the Municipality wishes an employee of KPD to undertake enforcement of any infractions, the employee must be named as an official of the Municipality;

THEREFORE BE IT RESOLVED that Brad Roth, or his designate, be named an official of the Municipality of Oakland-Wawanesa for the purposes of providing development and building inspection services, including enforcement of infractions. CARRIED.

Glenboro-South Cypress – Oakland-Wawanesa Handi Van

McDonald-Gullett

- 1334 WHEREAS the Glenboro-South Cypress Oakland-Wawanesa Handi Transit Board is purchasing a new 2025 Grand Caravan SXT;

AND WHEREAS the total cost is \$108,645.52, taxes included;

AND WHEREAS the Board has \$85,010.05 allocated towards purchase;

AND WHEREAS arrangements have been made to borrow an amount not to exceed \$40,000 to provide financing until grant money and sale of surplus equipment funds are received;

AND WHEREAS the Board anticipates federal grant funding in the amount of \$18,664.75 and the sale of their 2016 Grand Caravan to make up the remainder of the \$40,000 loan;

AND WHEREAS there is a need to ensure any short-term deficiency is financed;

NOW THEREFORE BE IT RESOLVED that the Municipality of Oakland-Wawanesa and the Municipality of Glenboro-South Cypress agree to cover the possible \$4,970.72 (\$108,645.52 - \$85,010.05 - \$18,664.75) deficiency on a 50/50 cost share through existing budget allocations until funds are received from the sale of the 2016 van.

Hi Joni,

In response to the concerns raised by the Province (Sheila Cook, Agricultural Planning Specialist), we submit the following added information and context that can be reviewed and addresses their major concerns.

In general, what we have proposed is consistent with practices in Saskatchewan and Alberta in regard to roads and property lines, and we can provide additional sources if needed. For noise, standard practice in Provincial approvals of wind farms involves a site-specific noise study limiting turbine siting to maintain appropriate sound levels from all receptors/residences. In addition, the new provincial guidelines provide recommendations regarding setbacks from residences and residential areas.

Addressing Ms. Cook's feedback regarding ice throw, blade failure and tower failure; the setbacks provided are consistent with what we see in Alberta and Saskatchewan. We also consulted with the Manitoba Department of Transportation & Infrastructure, and they confirmed that they do not have any formal setback policy for turbines, but recommended a setback on a case-by-case basis of about 23 m and 76 m. A setback of blade length plus 10%, as proposed, exceeds these distances already and therefore represents a more conservative and protective approach.

We recognize the risks associated with ice throw and blade/tower failure, but we also understand that the probability of occurrence is low.

Turbines are typically shut down in severe icing conditions as operating with large amount of ice is damaging to the turbines. Updated turbine technology has also improved to identify icing conditions prior to accumulation of ice on blades. Turbine manufacturers also address this with cold-climate solutions, such as blade heating systems, and monitoring and detection. If ice is detected, the turbine is shut down—both to prevent ice throw and to protect other turbine components.

In terms of tower/blade failure, again this risk is very low. Blade failure means the blade might fall off, and in such a case it would fall to the ground, outside of the road or ROW. For a full tower failure, this is also incredibly rare, and even in these instances, the tower will typically "crumple" under its own weight (as the steel fails and bends like paper), and the tower rarely fails and "falls over" like a tree, so it would be unlikely to impact the road or ROW. We also highlight that comprehensive engineering studies are completed for tower design and erection by certified engineers, so their expertise and professional designation significantly address the risk of tower failure.

Additionally, we highlight Innergex's 35 years of operational experience, including in extreme cold weather climates, and that we have established practices in place regarding safety, incident prevention,

and managing risks such as these.

Sincerely,
Keshav

Subject: Re: Road Classification map or information request

Hello,

Please find attached a copy of the report that will go to Council for the Public Hearing on December 16.

As you will note, there are no formal objections, but I do expect that I might get questions related to the comments on Appendix A related to typical separation distances from residential areas and from property lines and public roads. I am wondering if you have any comments on those that I should have.

I have attached a copy of the amending by-law just for your easy reference.

**RE: The Municipality of Oakland-Wawanesa
By-law No. 49-2025
Amendment to Zoning By-law 04-2019**

The above noted bylaw has been circulated to government departments and agencies for review and comment following first reading on October 21, 2025. All comments are attached in Appendix A. NOTE: Council should provide a copy of this report and copies of all comments received to the development proponent for review and consideration at the public hearing. This report summarizes all provincial departmental responses received. There are no formal provincial objections to the bylaw.

Next Steps:

Between first and second reading of a zoning bylaw, council must hold a public hearing. If there are no local or provincial objections raised at the required public hearing, council may choose to give the bylaw second and third reading after it closes the hearing. If objections are made orally or in writing at the hearing and council gives the bylaw second reading with outstanding objections, it must provide written notice of the bylaw having received second reading to objectors. This is outlined in section 77(3) and (4) of *The Planning Act*. If council receives several objections, as identified in 77(5), and meets the definition of sufficient objections under the Act (73.1(1-4)), council must then issue notice of second reading. If sufficient objections are received in response to notice of second reading, council must then refer the bylaw and objections to the Municipal Board.

Sincerely,

Isaac Omonaiye
Community Planner

Appendix A

I have reviewed proposed Zoning By-law No.49-2025 for the RM of Oakland-Wawanesa on behalf of Manitoba Agriculture.

The by-law proposes to make several amendments to the Municipality of Oakland-Wawanesa Zoning By-law No. 04-2019. We offer the following comments:

Item 1 – No concerns from an agricultural perspective with the proposed re-zoning from "RG" Residential General Zone to "PR" Parks and Recreation Zone within the designated Urban Centre.

Item 2 – No concerns with the minor revisions to Wind Energy Generating Stations in Table 3.2 (Use & Site Requirements: "Ag" Agriculture General Zone).

Item 3 – The impacts of reducing separation distances for wind energy generating systems are unclear. Guidance is provided in the following document developed for the province: Land Use Planning for Wind Energy Systems in

Manitoba (https://www.gov.mb.ca/mr/land_use_dev/pubs/weg.pdf). The typical separation distance standard for wind turbines from residential areas adopted by municipalities in Manitoba is about 600 - 800 m. This appears to be in line with standards adopted by many other jurisdictions across Canada. Separation distances from property lines and public roads are typically equivalent to the existing distances of 1-1.5 times the total height of the structure. The document recommends that these standards not be waived or reduced. Reducing the separation distance may increase safety concerns due to ice throw, tower failure or blade failure. Council should consider the advice provided prior to adopting these proposed changes.

Regards,
Sheila

The responsibility lies with the local government or planning district to ensure that all bylaws, zoning bylaws, development plans, and amendments thereof are in compliance with the Water Rights Act, the Water Rights Regulation, and the policies, procedures and requirements of the Drainage and Water Rights Licensing Branch – Drainage Section. Water Control Works associated with any future development require authorization under the Water Rights Act prior to construction or installation.

Note #1 - Any filling or draining of regulated wetlands (Class 3, 4 or 5) constitutes the construction of water control works.

Note #2 – Class 6, 7 and Unimproved organic soils (ag capability) cannot be drained.

No Concerns at this Time

Further to your e-mail regarding the above-noted application, the Manitoba Historic Resources Branch (HRB) has examined the location in conjunction with Branch records for areas of potential concern. The potential to impact to heritage resources is believed to be low based on analysis of current data and evaluated by the type of action proposed, therefore, the HRB has no concerns with the proposed project at this time. This evaluation is only appropriate for this respective request.

Legislation

Under Section 46 and 51 of the *Heritage Resources Act* (the Act), if at any time, heritage resources are encountered in association with these lands during testing and development, there is an obligation to report any heritage resources and a prohibition on destruction, damage or alteration of said resources. HRB may require that an acceptable heritage resource management strategy be implemented by the proponent/developer to mitigate the effects of their activity on the heritage resources.

If you have any questions, please contact as above for proper assignment and queueing.

This zoning by-law amendment proposes to rezone the land shown in Schedule "A" from "RG" to "PR". The land lies in proximity to the Souris River and may present a risk of flooding.

Available topographic information, obtained by LIDAR, indicates natural ground elevations at the site, range from approximately 355.89 metres (1167.6 feet) to 358.2 metres (1175.2 feet) CGVD28. The minimum criteria which Hydrologic Forecasting and Water Management is now utilizing in assessing the flood hazard is the 200-year flood or flood of record, whichever is greater. The 200-year flood protection level for this location is approximately 357.71 metres (1173.6 feet) CGVD28.

Hydrologic Forecasting and Water Management recommends that construction of permanent structures on this site should only occur on lands above or raised to the flood protection level of 357.71 metres (1173.6 feet) CGVD28.

The flood risk should be made known to any potential purchaser.

CHIEF ADMINISTRATIVE OFFICER'S REPORT – December, 2025

Provincial Conference Calls

The conference call with the Province will be Thursday, December 11, 2025

Property Matters

Property matters at Lot 8, Brandon Hills Mobile Home Park is ongoing with additional site evaluations needed, but demolition should commence soon. Clean up at 108 Fifth Street in Wawanesa is underway.

The Keystone Planning District will be coming on board for development and building inspection services commencing January 5, 2026.

Development permit enquiries/issuance continues.

Code of Conduct

Sanctions have still not met and as such, Councillor Rome continues to be unable to act in the capacity of councillor.

Meetings with Members of Council

Discussions continue with members of Council either in person, over the phone, or by email.

Other Meetings and Conferences

I attended the AMM convention in Winnipeg November 25-27. Along with interesting Keynote Speakers, and an informative Ministerial Forum, I also participated in breakout sessions on "Making the Last 12 Months Count" related to the last year in the term of Council, and "Transition to Full EPR" related to recycling proposals.

Debenture By-law for Water Lines in Wawanesa

The installation of new water lines on Commercial Street is complete. The remainder of the project deals with installation of a back-up generator and new electrical panels at the Water Treatment Plant and will be completed in the spring when a new generator arrives.

Public Works Shop Debenture

The Municipality is awaiting word from the Board if they require a second public hearing to be held. I continue to correspond with the Provincial Finance Office to ensure they have everything they need.

Good morning, Joni

Please see the attached map outlining a proposed path tying into existing fibre and continuing south along PR 346 to service customer at 36062 PR 346.

Can you please let me know if this path can be approved?

Hi

We should be receiving the wildland payment in the near future I have been told. Upon receipt the wage portion will need to be paid out to the listed individuals as well we are receiving \$23,600 for the use of our truck. I would like to ask council if we can put this portion into our fire reserve as we need some extra funds for Pump Repairs to unit 4 of \$6500 and we as well would like to add cupboards to the drivers side for gear storage on it at \$6700, We as well need to purchase gear for 2 of our new members at cost of \$10,000. this is all non schedule costs. These would be 2026 spring expenses. So if this can be brought to the next council meeting I would appreciate it as well I will provide quotes for you.

Sincerely

Dennis Gullett

Dear Mayor Krekewich and councillors,

Due to the many changes in the Ag veterinarian departments districts the Souris Glenwood Vet Clinic has been advised of an extra \$3000.00 available grant funding . This grant will be made available to all provincial clinics providing we maximize the municipal grants that are graciously approved by yourselves for our clinic.

Our decision to approach council was a tough call as we are very aware of economic conditions across our beautiful province that are faced by all municipalities. We respectfully request that you would consider a grant of \$34.00 that will put the clinic at the top tier every year to receive the maximum provincial funding.

Sincere Regards

Sande Denbow -secretary-treasurer
